DETAILED ACTION

Claim Objections

1. Claims 1-115 are objected to under 37 CFR 1.75(b) which states that more than one claim may be presented provided they differ substantially from each other and are not unduly multiplied. Applicant is required to select a number of claims that are **substantially** different from each other for further examination of the application. The number of claims should be limited to no more than 50 (fifty) claims total including 10 (ten) independent claims.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-115 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claims 1-115 are rejected under the grounds of multiplicity because they are unduly multiplied. The submission of 115 claims to describe a cleaning device or cleaning unit having a blade and a vibrating member beclouds definition in a maze of confusion. MPEP 2173.05(n).
